

Device Onboarding – iPhone and iPad

1. Connect to the **CCL-Secure** Wireless network and enter your **CCL username and password**.

A notification will appear, click **Trust**.

i If you do not know your password, you can reset it using the CCL password portal <https://password.ccl.com.au>, or you can contact CCL support by telephone 9221 6235 or email support@ccl.com.au.

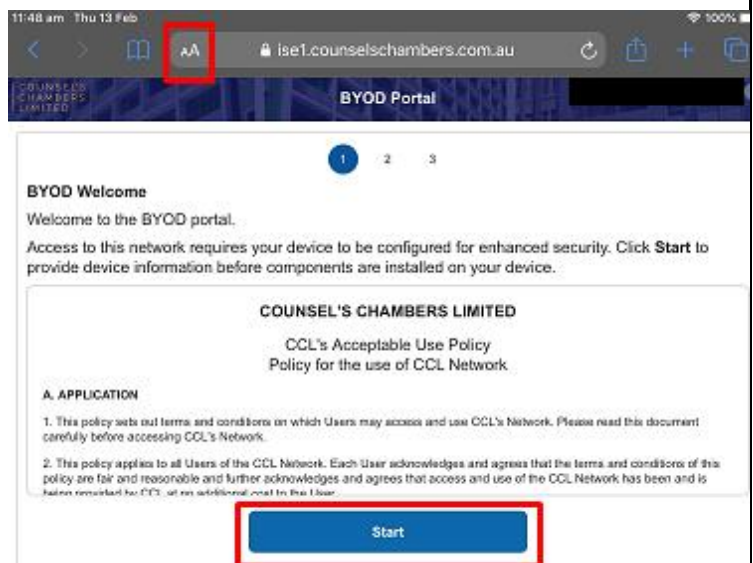

2. Open Safari and type **login.ccl.com.au** in the address bar.

You will be redirected to the onboarding screen **BYOD Portal**. (This may happen automatically on some devices).

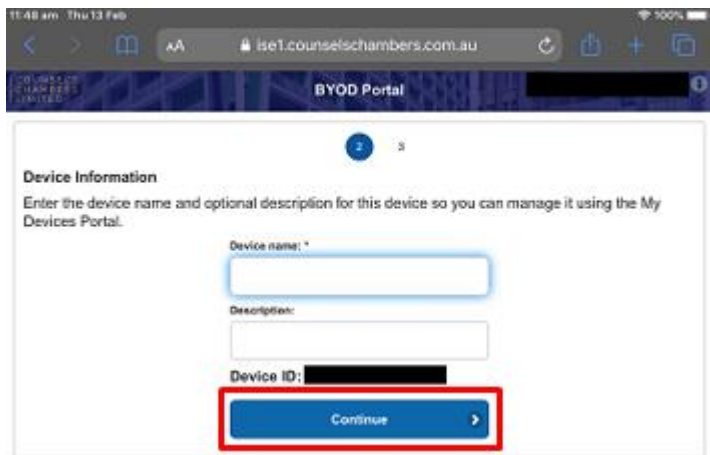

After reviewing the CCL Network Acceptable Use Policy, click **Start**.

Note – For any iPad running iPadOS, you will need to click the **AA** button to the left of your search bar and click **“Request Mobile Site”** (if you don’t have the **AA** icon, your device isn’t running iPadOS). If you see **“Request Desktop Site”**, do nothing.

3. Enter a **Device Name** such as “iPad” or “iPhone”, and press **Continue**.

A description is optional.

4. Click the **Launch Apple Profile and Certificate Installers Now** button.

A pop up will appear, click **Allow**.

5. You will be taken to the Profiles section. Click on the profile called **CCL_WiFi_Mobile_Wireless**.

Click **Install** when prompted. You will then be asked for the iPad/iPhones pin code.

You may then be prompted with a few more windows, click **Install** for each.

6. You will now be asked to enter your CCL Network Password. Enter your password and click **Next**.

Once your CCL password has been correctly entered, a **Profile Installed** window will appear. Click **Done**.

You should now be successfully connected to the **CCL-Secure** network.
